## Visiting St Michael's Mount

Infuse your senses with colour and scent in the sub-tropical garden that basks in the mild climate and salty breeze. Climb the cobbled pathway to a fairytale castle, rich in myths and legends, that peers out to sea and witness architecture dating back to the 12th Century.

## Getting to the Island

At low tide, you will be able to walk across the historic causeway to St Michael's Mount and at high tide boats are available to take you back and forth, at a fixed cost of £2 per adult and £1 per child.

All visits are dependent on weather and sea conditions. Paths around the island are steep, cobbled and uneven and sensible footwear is recommended.
